Principal's foreword

Introduction

This report provides an overview of our school's progress towards its goals in 2013 and outlines future priorities and directions.

Our explicit improvement planning for 2013 focussed on:

- Improving teaching – explicit teaching pedagogy in every classroom focused on the achievement of every student.
- Refining and embedding data based decision making to set targets, measure and monitor student progress.
- Implementing Systems Leadership.
- Connecting parents and caregivers with their children's learning.
- Closing-the-gap between indigenous and non-indigenous students' attendance and achievement.
- Improving practices to support the wellbeing of students and staff.

School progress towards its goals in 2013

PRIORITY	PROGRESS
Improving Teaching	<ul style="list-style-type: none"> • Explicit teaching in every classroom, every day. • Start of lesson 'consolidation' introduced. • Leaders providing coaching and feedback for all teachers. • Regional Explicit Teaching Coach worked with Heads of Department, Principal and Deputy Principals to refine and embed explicit teaching across the school. • C2C/Australian Curriculum in Mathematics, English, Science and History.
Refining and embedding data based decision making	<ul style="list-style-type: none"> • Whole School Data Strategy refined to provide all teachers with information on use and analysis of data to inform explicit teaching. • Teachers completed professional development sessions on collection, analysis, interpretation and use of data for individual student goal setting.

Future outlook

In 2014 our focus is on –

- Working with Explicit Teaching Regional Coaches to ensure all teachers are confidently using explicit teaching pedagogy in every classroom, everyday.
- Establishment of an Explicit Teaching Sustainability Team.
- Coaching and feedback embedded as standard professional practice.
- Differentiation of curriculum, teaching, learning and assessment to better support student learning.
- The Great Results Guarantee supporting the school's focus on every student meeting National Minimum Standards or having an individual learning plan to address their learning needs.
- Continuing to implement the action plan for Year 7 students arrival at Mossman State High School in 2014, including strategies to support Year 7 and Year 8 students in 2015.

How Information and Communication Technologies are used to assist learning

Our school has a networked computer system with a ratio of 1 student to each computer. We have successfully implemented the Federal Government's initiative of 1 computer for every year 9 – 12 student. Access is provided via an extensive wireless access system allowing connectivity to the school network anywhere at our campus.

Computers are used to assist learning across all curriculum areas. Students have access to computer rooms as well as computers in many classrooms. Students also have access to computers before school, during recess periods and after school to support their learning. We have implemented a Laptop Take Home Scheme that allows students to engage in anywhere, anytime learning.

An audit of computers access and usage is conducted during each year and staff are encouraged to undertake professional development to improve their skills. A HOD and Coordinator oversee the provision of computers and related facilities along with professional development opportunities.

Social climate

Mossman State High School is a SWPBS (School Wide Positive Behaviour Support) School. SWPBS at our school is built around the three school values:

- Be Safe
- Be Respectful
- Be a Learning

This program encourages students to engage in positive behaviours and these are recognised and acknowledged by staff and students.

Our vision is

Everyone
Achieving their Best
Striving to Improve
Every Day

Students are supported by their Form Teachers, Classroom Teachers, Year Level Coordinators, HOD Junior School and HOD Senior School. The Student Support Services Team (Guidance Officer, Social Worker, School Based Youth Health Nurse, Community Education Counsellor, Chaplain) provide a more specialised level of support. The HODs Deputy Principals and Principal also have the support of students and staff as their first priority.

Visitors to our school always comment on the supportive feeling they have when they are at our school. They see our school as a very happy, caring place where they feel welcome and where our students and staff show respect for each other. These visitors include employers, advisory teachers, community representatives and guest presenters from various organisations across the state. These individuals visit many schools across the State so their observations provide excellent feedback for us regarding the social climate of our school.

Parent, student and staff satisfaction with the school

Parents, Students and Staff indicate a high level of satisfactory with the various aspects of our school. Our school community is very supportive and is characterised by mutual respect, trust and the development of strong relationships.

Involving parents in their child's education

There are many opportunities for Mossman State High School parents and carers to participate in their child's education. They are invited to:

- Parent/Teacher Interviews in Semester 1 & Semester 2
- Year 8 Parent Evening in Term 1
- Pathways Evening Term 1
- Year 10 Subject Information Evening for Year 11 subjects in Term 3
- Year 7 Parent Evening in Term 3
- Parent Workshops/Information Evenings
- Parents & Citizens Association
- Open invitation for parents to contact staff members at any time
- Special ceremonies and celebrations
- Special performance such as Movie Musical, Drama Productions
- Sporting events

Regular communication is provided through:

- Regular reports and updates at monthly P&C Meetings
- Schools newsletters – as available on the school website.

Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

Our school has implemented the following projects to support the reduction of our environmental footprint.

Irrigation system using bore water for our ovals

Energy saving light bulbs installed

Air conditioning policy of non-use during Term 2 and Term 3.

Recycling program for all paper and card board

	Environmental footprint indicators	
	Electricity kWh	Water kL
2010-2011	355,294	2,288
2011-2012	387,971	2,471
2012-2013	357,463	8,783

The consumption data is sourced from the validated utilities expenditure return which the school submits at the end of each financial year. The data provides an indication of the consumption trend in each of the utility categories which impact on the schools environmental footprint.

Student Attendance Distribution

The proportions of students by attendance range.

* The method for calculating attendance changed in 2013 – care should be taken when comparing data from 2013 to that of previous years.

Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

The following processes and procedures are used at our school:

Master rolls are marked by form teachers at the beginning of the first lesson each day and by the classroom teacher at the beginning of the seventh lesson immediately after the lunch recess each day. This data is entered into One School.

Class rolls are marked by every class room teacher every lesson.

Performance of our students

The form teacher monitors student attendance and notifies the Year Level Coordinator when a student is absent without explanation for two days. The Year Level Coordinator contacts parents and if not successful this is referred to the Head of Department Junior School or Senior School. The HODs then contact parents and record all information. Students who are frequently absent are referred to the Guidance Officer or Social Worker who provide additional support and case management for their attendance.

Letters are mailed to parents on a weekly basis, asking for an explanation for their student's absence when documentation has not been provided or when parents have not contacted the school explaining the absence.

Weekly contact is also made with the local police officer (truancy officer) to follow up with parents/guardians of those students who are frequently absent with no explanation.

Regular articles regarding student attendance are included in our school newsletter to remind parents of attendance requirements.

The Principal regularly emphasises the importance of good attendance as a critical contributor to student performance on school assemblies.

Students with good attendance also receive recognition as part of the school house system and this contributes to a positive reward system.

National Assessment Program – Literacy and Numeracy (NAPLAN) results – our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9.

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, 5, 7 and 9 are available via the My School website at <http://www.myschool.edu.au/>.

Achievement – Closing the Gap

The gap between indigenous and non-indigenous attendance rates continues to be at unacceptable levels. The impact of non-attendance is reflected in the student achievement levels. Indigenous students are supported in their academic progress by in-class teacher aide support and the employment of a Community Education Counselor. All staff are involved in professional development related to the local Kuku Yalanji culture and language. Weekly meetings were held with the indigenous elders and representatives of community agencies to discuss issues related to Closing-the-Gap. Fortnightly meetings were held with the Mossman Gorge Family Reform Commission to discuss case management for these students.

Post-school destination information

At the time of publishing this School Annual Report, the results of the 2014 post-school destinations survey, Next Step – Student Destination Report (2013 Year 12 cohort) for the school were not available. Information about these post-school destinations of our students will be uploaded to the school's website in September.

Early leavers information

The destinations of young people who left the school in Years 10, 11 and prior to completing Year 12.

The parents/carers of all students leaving our school are asked to complete documentation which indicates their reason for doing so. This includes transferring to another Queensland School, transferring Interstate and leaving school.

A number of our students leave before completing Year 12 as they are successful in gaining full time apprenticeships, traineeships or employment through our school-based apprenticeship/traineeship program and our work experience program.
