Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Providing high level targeted intervention for students identified as at risk of not meeting the National Minimum Standards in the 2014/2015 NAPLAN Test. This involved:
  - Developing evidence based learning support plans for identified students.
  - Providing resources to introduce foundation programs.
  - Increasing teacher aide time to support individual support plans.
  - Developing a reading and writing program for identified students to replace their LOTE Program.
  - Structuring likability classes and providing targeted teaching strategies to support identified students to meet NMS and to reach the U2B.

- Funding a part-time Literacy coach who delivered:
  - Training for all teachers in literacy development.
  - Support for teachers to embed literacy practices across the curriculum.
  - Documents to support a whole school approach to teaching of reading and writing.
