Bring Your Own Device (BYOX) Information attached on the next page

Bring Your Own Device (BYOX) -

Should you wish your student to participate in this program, we would strongly recommend the following minimum specifications for general school use.

- Minimum battery life of 6 hours to cover a school day. NB There will be no charging facilities at school.
- Computer with a minimum of 4GB RAM
- Protective case
- Pointing device (mouse or stylus), touchpad on laptops is ok.
- Onsite warranty [Next Business Day (NBD) Onsite warranty is strongly recommended if possible].
- Accidental Damage Protection Insurance (ADP) preferably from the manufacturer, if done through a third party, check the repair timeframe, next business day if possible is recommended. - *From our experience with NSSCF devices, we consider this essential.*

Enrolment in subjects such as Photography, Film, TV & New Media and Graphics would require a higher specification machine as below to run the higher end software.

- i5 processor (i7 preferred)
- 8GB RAM or more
- Dedicated graphics card
- 500GB Hard drive

In addition, connection to the network will only be possible for machines with a functioning antivirus program installed, a signed BYOX Agreement Charter and connection fee of approximately \$30.

To assist parents to purchase appropriate student devices, both Dell and Acer have set up purchasing portals.
