Every Student Succeeding

From the Desk of the Principal – Katherine Macfarlane

Welcome to **Term 3** and the second half of the school year! I hope everyone had a well-deserved break and is returning refreshed and ready to embrace the term ahead.

A Busy and Positive Start

We've hit the ground running with a number of significant events kicking off the term, including the **Mossman Show** and preparations for **NAIDOC Week**. I hope that many of you were able to enjoy the school display at the Mossman Show—it is a privilege to showcase the creativity, skill and hard work of our students. A big shoutout to our **School Concert Band** who continued their fantastic performance despite the inclement weather — you did a fantastic job!

Term 2 ended on a high note, with our **Year 10 students excelling on work experience** and **Year 11 students enjoying their Melbourne trip**. Feedback from employers about our Year 10s was glowing—well done to all involved!

Reporting & Parent-Teacher Interviews

Semester 1, Unit 1, and Unit 3 reports were distributed at the end of last term, along with instructions on booking times for **Parent-Teacher Interviews**, which are scheduled for **Tuesday 29th July (Week 3)** from **3:30pm to 6:30pm**. Please ensure you've made your bookings as we look forward to developing our valuable partnership with parents and carers in enhancing your child's educational journey.

PBL Update – MOSSMAN PRIDE

Our Positive Behaviour for Learning (PBL) focus for **Weeks 1 and 2** is **MOSSMAN PRIDE**. We have been talking to students about how they can display their Mossman Pride through positive language, wearing correct uniform and doing their best.

After two weeks of holidays, some students may take time to readjust to routines. It is timely to remind our students of our **Electronic Devices Policy**, and the expectation that mobile phones are 'away for the day'.

Thank you all again for your warm welcome to the Mossman community. I am enjoying settling in and getting to know everyone, and am looking forward with excitement to a shared vision of success for our school and students.

Warm regards,

Katherine Macfarlane
Principal

Parent Teacher Interviews
Tuesday 29th July
3.30—6.30pm Indoor Sports Centre

We acknowledge the Kuku Yalanji people, and in particular the Kubirri Warra Clan, the Traditional Owners of the land on which our school stands and pay our respects to Elders past, present and emerging. We recognise their custodianship and role in caring for and maintaining Country over thousands of years.

STEM Girl Power 2025

Spotlight on Year 10 student, **Sophie Hamilton** as Mossman State High School's
STEM Girl Power Ambassador.

Sophie has represented our school through participation in the Department of Education's 2025 STEM Girl Power Camp, which was held on 19 - 23 May in Brisbane. Sixty year 10 students and 10 teachers travelled from all over Queensland to represent their school in Brisbane, where they participated in a variety of events, innovative science, technology, engineering and mathematics (STEM) workshops and networking opportunities with experts from STEM fields.

Sophie working in
Collaboration with
another young STEM
Ambassador

Camp students met inspiring role models from diverse fields including, engineering, medicine, chemistry, quantum technologies and mathematical modelling. Camp students explored STEM pathways at an industry location of their choosing (either Cross River Rail, TechnologyOne, the Ecosciences Precinct or the Integrated Pathology Learning Centre) and discussed the importance of STEM communication at the Queensland Museum and Wheel of Brisbane. Students also participated in a variety of hands-on activities, including world-class biomedical research techniques at SPARQ-ed and led science activities with local primary school students.

The camp fostered students' understanding of STEM's significance in society while enhancing their leadership, critical thinking, creativity, collaboration and communication skills. As 2025 STEM Ambassadors, these students will now organise and deliver a STEM event during National Science Week in Term 3 (August 2025). This initiative aims to inspire others to pursue STEM subjects and careers.

Sophie has always demonstrated an interest in improving her learning and seeks out ways to be involved in exciting STEM opportunities. We are proud of how she has represented our school and is a promising young scholar others can look up to.

STUDENT SUPPORT NEWS

Harry Cobb School Community Partnerships Facilitator

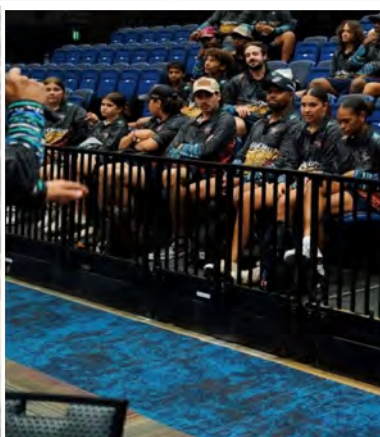

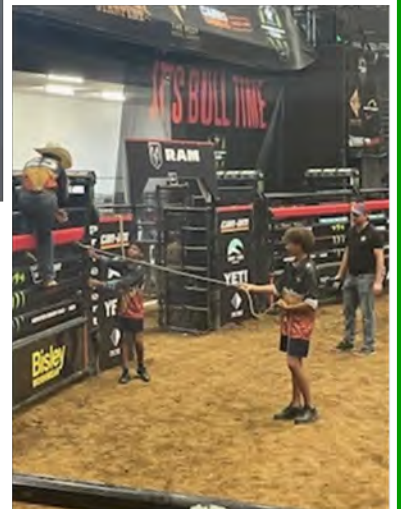

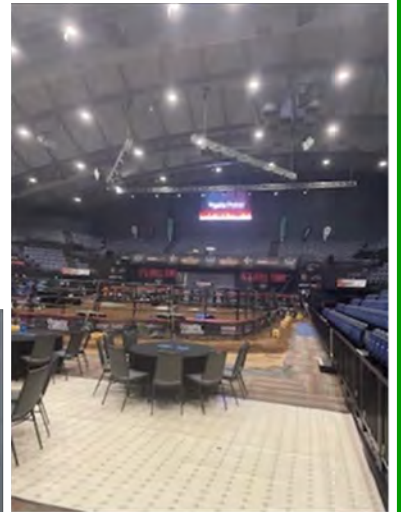

Professional Bull Riding Workshop

This term the “Deadly Choices” team invited schools to attend the “Professional Bull Riding” PBR workshop at the Cairns Convention Centre on Friday 18th July.

The workshop involved different stations behind the scenes on how PBR operates. Students were split up into 8 groups and mixed with other schools.

The stations involved—cameras and filming, lighting and music, opening of bull chutes, setting up for bull rides, judge scoring and being shown how protection crew and show clowns work in the arena. These were some of the things the students got to experience.

The highlight of the day was all students were given a shirt, shorts and free tickets +1 to the PBR show for Saturday night. Some of our students went to enjoy and watch after being behind scenes the day before. This was an amazing experience for all involved.

Reconciliation Garden Grows at Mossman State High School

Mossman State High School is proud to share some exciting news with our families and community – we have been

successful in securing a grant through the National Indigenous Australians Agency (NIAA) to create a Reconciliation Garden on our school grounds.

This beautiful, inclusive space has been designed to celebrate all cultures and serve as a shared community space – a place where healing, learning and connection can take root and grow. Open to all, the garden represents the spirit of reconciliation and unity that continues to strengthen within our school and wider Douglas Shire.

The Reconciliation Garden began as a passion project and the brainchild of our much-loved Ag Plot guru, Mr Neil Pacey. With his vision and design, and the grant opportunity identified by staff member Elliot Davidson, the school was given approval to apply – thanks to an already well-established partnership with NIAA, formed through the successful Junior Ranger Program delivered in collaboration with Jabalbina.

Harry Cobb (School Partnership Facilitator) took the lead with this project and identified Rickie Burchill, an incredibly talented local landscape gardener, whose work honoured the spirit and intent of the design and brought Neil's original concept to life. Jabalbina played a key role in making the vision a reality, turning plans into a stunning landscape in just three days. The project was made even more special with the help of past Mossman SHS students who returned to contribute their skills while completing traineeships – a true reflection of community continuity and pride.

The Reconciliation Garden will be officially opened on Monday 4th August, and we warmly welcome representatives from local Elders and Traditional Owners, cluster primary school leaders, and various community organisations to be part of this special event. Each representative will plant a native species in the garden – a living symbol of unity, healing and respect.

This garden is more than just a beautiful space. It marks a key step on our shared journey of reconciliation and celebrates the strength of our school and community coming together as one.

**We invite all members of our community to visit and enjoy the Reconciliation Garden –
a space for everyone, for now and for the future.**

What's Happening in LOTE @ Mossman SHS

Former Exchange Student Returns to School with Family – 27 Years Later

We were thrilled to welcome back a familiar face to our school community this week – former Japanese exchange student Toshinori Nakai, who returned to visit after 27 years, this time with his wife and two children.

Toshinori spent a memorable year at our school in 1998 as part of an international exchange program that fostered strong cross-cultural friendships and learning. During his return visit, Toshinori and his family toured the school grounds and joined Mr Wall and his Year 8 English class, engaging in learning activities and class discussions. The family generously brought thank you gifts to the students-origami paper and Japanese snacks to share.

It was also heartwarming to see Toshinori reconnect with past staff members, including Mr Young, who taught him English in Year 12, and Mr Landy, who remembered his time in our school community.

Erin Haynes—HOD English, Humanities & LOTE

What's Happening in Humanities @ Mossman SHS

We Didn't Start the Fire! Year 12 Modern History

After some inspiration from Billy Joel last term, our Year 12 historians commenced investigating key events of The Cold War era. Students have devised an inquiry question about a topic of interest and are conducting thorough research before writing an essay that answers their key question.

Some of the topics being explored include The Berlin Wall, The Cuban Missile Crisis, The Vietnam War, The Korean War, The Suez Crisis and The Afghan War.

Students have been showing great persistence in evaluating their sources of information, ensuring they use credible primary and secondary sources that can be corroborated and that offer different perspectives. These skills are of the utmost importance in the study of History and also in students' everyday lives as they navigate through misinformation.

They have also recognised the impact of some of these significant historical events on today's global affairs.

As American astronomer Carl Sagan said: *"You have to know the past to understand the present".*

Mrs Hamilton (Teacher)

2025 MOSSMAN SHOW

Our Mossman State High School Concert Band annual performance at the 2025 Mossman Show was a great success.

Congratulations to band members who played through the rain shower coinciding with the performance.

Members got wet bottoms, hair and instruments while still providing entertainment for the crowds sitting dry up in the grandstand.

CONCERT BAND PERFORMANCE

Everything got wet— instruments, cases and music. All had to be laid out under fans to dry.

A hot iron came to the rescue to save the soggy music.

Well done all band members on a memorable performance.

MOSSMAN SHOW DISPLAY

Thank you to all students and staff who participated in the Mossman Show either by entering cooking, sewing, horticulture, agriculture, photography, arts and craft, poultry, ring events; judging or stewarding; or showing your support by attending the show.

Congratulations to Ella Bellman (10), Angus Gawn (10) and Nathan Vorwerk (12) on their participation in the 2025 Mossman Show Young Rural Ambassador Quest. Special congratulations to Ella Bellman—Runner up for 2025 in the Young Rural Ambassador Quest.

This is an occasion that needs full community support to succeed and we are proud to be a part of this annual event.

Youth Worker's Message Term 3 Update

As we settle into Term 3, it's hard to believe how quickly the year is passing. In my role as Youth Worker, I regularly connect with staff at schools across the northern region, and I can confidently say that Mossman State High School is truly fortunate to have such a dedicated and supportive team. Our staff work tirelessly to ensure your child receives the care and guidance they need to succeed both academically and personally.

To all our parents and carers – thank you. You are your child's first and most influential teacher, and the strong foundations you've laid at home are vital to their development. We understand the many challenges you juggle – from education and home life to work, adolescence, and everything in between. Please know that you're not alone. These years can be demanding, but your resilience and commitment do not go unnoticed.

If you're ever looking for support, we have some fantastic resources available, including helpful information on how the adolescent brain works. Whether you have questions about your child's education or just need a bit of guidance, we are here for you – to support not only your child but you as well.

Please don't hesitate to reach out if you need anything.

Regards,

Peter Mantus
Youth Worker

PlayOn!
SPORTS VOUCHERS

From Monday 4 August, Queensland families can claim a \$200 Play On! voucher per child aged between five and 17.

Here's what you need to know:

- each voucher is worth \$200
- the vouchers will be provided over two rounds, for summer or winter sports
- there is a dedicated allocation for kids in regional and country Queensland
- there will be more accessible sports to give children of all abilities the chance play sport.

Play On! is here to stay with \$62.5 million set aside each year for Queensland families.

Sign up for Play On! updates so you don't miss out.

Dress Up Days

The Year 12s have celebrated the start of their final 100 days at school with a fun dress up day. The theme was kept a secret from the staff, who were confronted with their doppelgangers on the day, as students came dressed as the staff. A group of staff, namely Year 12 Form teachers and the Support Team, threw it back on the students, by coming dressed as them. There were lots of confused people that day!

Mossman High Talent Show

We celebrated the success of our School Talent Show from Term 2 on assembly. With 277 tickets sold, we raised an incredible amount for the local charity, KIND. The event featured 14 brilliant junior performers, 20 outstanding senior acts and 29 stunning art pieces on display. Altogether, 311 students attended and participated in the evening, showcasing the amazing talent, creativity and dedication of our pupils. We couldn't be prouder of each and every one of them.

The whole school came together in a wonderful celebration of community spirit and we're so grateful to our students, staff, families and sponsors for making it unforgettable.

Winners of the Talent Show - Performance:

Senior school:

1. Hudson Redding
2. Ietere Teaero
3. Tahj Stabenow, Jerome Csonotos, Max Bohm

Highly commendation: Dylan Saunders

Winners of the Talent Show—Art:

VETIS @ MOSSMAN

CERTIFICATE I IN CONSTRUCTION

Congratulations to our Certificate I in Construction students, who completed their qualification at the end of last term. Their final task was a visit to a series of construction sites in Cairns. As a part of this excursion, students spent time on building sites and put their White Card qualifications to use as they were required to complete a site induction. Students who participated in the Certificate I in Construction Course have achieved the following competencies:

- Undertake basic estimation and costing
- Handle construction materials
- Use construction tools and equipment
- Apply basic levelling procedures
- Plan and organise work
- Carry out measurements and calculations
- Read and interpret plans and specifications
- Undertake a basic construction project
- Apply WHS requirements, policies and procedures in the construction industry.

Students who completed this qualification have banked 3 QCE credits towards their required 20 credits.

Students gaining valuable on the job experience on their recent excursion
