

# SCHOOL EQUIPMENT LIST FOR 2024 - YEAR 9

**All classes start school on Monday, 22nd January 2024**

This information is provided so that students can successfully undertake their studies. Lack of the correct equipment can seriously hamper studies which will in turn be reflected in lower student performance and results.

Please ensure that all equipment is **CLEARLY NAMED** and have some private means of identification placed on them so that losses can be traced. It is required that books be kept in a presentable condition. Parents are encouraged to regularly check student's books for neatness and completion of tasks. Writing should be neat and legible, lines should be ruled, and there should be no scribbling or graffiti on pages.

# BYOx at Mossman State High School

Bring Your Own Device – Laptop (BYOx) is encouraged but not essential in Junior School. If you choose to participate, please see the following information.

## Practical tips to consider when buying a new laptop:

1. Avoid the bells and whistles when it comes to flip and touch screens etc (less to go wrong).
2. Ensure you buy a good quality laptop case and carry bag.
3. Do not pay extra for Microsoft Office products including Word, PowerPoint and Excel. We can install and provide free licencing while your child is at school.
4. Consider purchasing extended warranty if it is on offer as it is a good idea for portable devices that are constantly on the move.
5. Mac is not supported in the school system.
